

PACKAGE

TERMS & CONDITIONS

These Terms & Conditions apply to all Signature Set Up & Co Wedding Planning and Coordination Packages and form part of the client's booking agreement.

PLANNING PACKAGES

Package Scope

Services are provided according to the inclusions, planning period and service hours of the selected package. Services outside the selected package or included hours will be quoted separately.

Flowers, Décor & Stationery

No flowers, décor, stationery, signage, printing, candles, furniture, hire items or other physical wedding products are included in a Planning Package unless specifically stated in the final quotation. Floral, décor, styling and stationery guidance refers to planning, sourcing, design and management only. Physical products and third-party services are charged separately.

Service Hours

Each package is limited to the service hours stated in the selected package. Planning meetings, supplier communication, site visits, preparation, administration, research, planning work and wedding-day coordination count toward the applicable service allowance. Additional time or services outside the included hours will be quoted separately.

Breakdown & Collections

We coordinate breakdown and supplier collections with the venue. Next-day collections or additional onsite attendance may incur extra travel or service fees.

WEDDING-DAY COORDINATION

Wedding Coordination vs Venue Coordination

Signature Set Up & Co provides wedding coordination, not venue coordination. We coordinate the couple's wedding timeline, suppliers, setup, bridal party, ceremony, photography requirements and key wedding-day cues. The venue team remains responsible for venue operations including catering, bar service, venue staff, facilities and venue-specific responsibilities. We work alongside the venue team to keep both sides of the wedding aligned.

Coordination Start

Wedding-day coordination begins from the scheduled arrival of the setup teams and suppliers, within the hours included in the selected package. We monitor supplier arrivals, setup progress and the approved timeline, working to ensure reception décor is completed before scheduled photography.

Bridal Preparation

We assist with keeping bridal preparations on schedule and, where required, help the bride and bridesmaids with dressing and final preparations. A bridal emergency kit will be available for minor wedding-day emergencies and last-minute fixes.

Rehearsal & Ceremony

Where included in the selected package, we coordinate the wedding rehearsal to ensure the wedding party understands their roles, positioning and important ceremony cues. On the wedding day, we assist with ceremony timing, supplier coordination, entrances and key transitions within the package's included service hours.

DJ & MC Coordination

Up to two pre-wedding discussions may be held with the DJ to align music, timing and important cues, with final details reconfirmed on the wedding day. The MC will also be briefed beforehand on the reception timeline, formalities and planned flow.

Photography & Canapés

During canapés/pre-drinks, we work alongside the photographer and venue team to manage the timeline, assist with family-photo groups and photography cues, and coordinate the transition into the reception.

Reception Handover

Once the bridal couple enters the reception and the reception formally begins, venue operations are handed over to the venue coordinator and venue team.

TIMELINES & SUPPLIERS

Wedding Timeline

Signature Set Up & Co will manage the approved wedding-day timeline and communicate relevant timings and cues with the wedding party, venue and appointed suppliers. Reasonable adjustments and problem-solving will be undertaken where unexpected delays or changes occur.

Supplier Responsibility

Each supplier remains responsible for the quality, delivery, staffing and performance of their own products or services. Signature Set Up & Co cannot be held responsible for supplier or venue failures, late arrivals, weather, traffic, equipment failure or other circumstances outside our reasonable control, but will assist with reasonable solutions where possible.

GENERAL TERMS

Travel & Delivery

Travel and delivery are not included in Planning or Coordination Package prices. Travel is calculated separately according to the applicable AA rate, plus any applicable tolls, parking, accommodation or additional trips. Courier, collection and delivery costs relating to stationery, flowers, décor, hire items or third-party suppliers are also excluded and will be quoted separately where applicable.

Client Information & Deadlines

The client is responsible for providing complete and accurate wedding information, supplier details, photography requirements and other requested information by the communicated deadlines. Late, incomplete or incorrect information may affect our ability to coordinate the wedding according to the approved plan.

Changes & Additional Work

Changes that fall outside the selected package, approved scope or included service hours may require an additional quote. Additional meetings, site visits, planning time or wedding-day coordination are subject to availability.

Payment Policy

A 20% booking deposit is required to secure the wedding date. A second payment of at least 20% is due 30 days after the initial deposit.

The remaining balance may thereafter be paid in instalments of the client's choice, with the full outstanding balance due no later than 30 days before the wedding. Confirmed additional services and travel charges must also be settled by the applicable final payment deadline.

Cancellations & Date Changes

The booking payment reserves the wedding date and our availability. Cancellations, refunds and amounts payable will be handled in accordance with applicable South African law, taking into account work already completed and wedding-specific costs already incurred or committed. Date changes are subject to availability and written approval.
